J. M. WRIGHT ENTERTAINS AT HOUSE BIG WARMING

COMPANIONS CARD CLUB AND
FRIENDS SPEND A
HAPPY EVENING

On Saturday evening last, J. M. Wright, popular builder of this city, entertained the members of the Companions Card Club at a house warming and whist party in the new house he has just completed on Johnson ave. Five tables of whist made up the evenings program.

The house, a five room stucco frame structure is of the most modern type and the construction is all in every particular. A large furnace in the basement supplied heat for the occasion and all present expressed themselves as having had the time of their lives.

A first prize for ladies high score, a beautiful basket of fruit was awarded to Mrs. Worrell, while T. B. Hunnell received a duplicate as prize for gentlemen's high score. The consolation prizes for ladies and gents were boxes of vegetables, (nearly a carload), which contained every variety of vegetable in season. These prizes were awarded to Miss Sue Gale and W. E. Discher respectively.

Following the awarding of prizes a box lunch was partaken of and Mr. Wright furnished excellent coffee to add to the pleasure of the occasion.

The house is now open for inspection and is for sale.

Among those present were Mr. and Mrs. J. W. Ryan, Mr. and Mrs. Seller, Mr. and Mrs. Geo. Brown, Mrs. Mielke, Mrs. Worell, Miss Sue Gale and Mrs. Gale, Mr. Fred Baudeman, Mr. Blackman, Mr. and Mrs. Discher, Mrs. Heibelt, Miss Alta Wright of Alameda, Mr. and Mrs. T. B. Hunnell, and Mr. and Mrs. L. E. Harris.

J. M. Wright has built many houses in Menlo Park and is well known for the high class of work and beautiful decorations in the new homes constructed by him.

MENLO JUNIOR COLLEGE TO GIVE DANCE

Friday the sixth of December the Menlo Junior College will give its annual football dance. The dance is to be held at the Bel Mont Country Club. The ballroom will be decorated in the form of a football field, with goal posts at both ends of the floor and the room as a whole in the colors of the school. The music will be supplied by an orchestra made up of Menlo students and boys from Stanford. The dance will last from 8 p. m. until 1 a. m. About fifty couples are expected to be present.

Mail early and help the postmaster.

Los Lomitas Parent Teachers Association will give a card party on Friday, December 13th at the school. Play will start at 8 o'clock and two beautiful quilts will be awarded for high scores.

FIVE DOLLAR HAUL IS RESULT OF BURGLARY

ABRU HOME ENTERED MONDAY
AND SMALL AMOUNT TAKEN
—PROFESSIONAL JOB

A net amount of five dollars was stolen on Monday, Dec. 2, from Philip Abru, local airplane inventor, when his house on 204 Menlo Ave. was broken into by a person or persons unknown. The theft occurred some time between 9:40 a. m. and 11:00 a. m., as at 9:40 Joaquin Abru's son who is a student at Sequoia High, left the house for that short period of time.

Investigations showed that entrance to the house was gained by forcing a screen window. The bureau drawers in two bedrooms were rifled and their contents left in disorder. Also a small tin safe was broken open in the thief's efforts.

Many finger prints were found on the safe, these prints have been photographed and are now in San Francisco being classified and compared, for the operations all point to the robbery as being an absolutely professional job.

The whole crime was committed during the morning while the officers were busy at the regular Monday morning session of the court.

Mail early and help the postmaster.

GOLD DUST OFFERED IN FINE PAYMENT

San Francisco Dec. 4.—It has been many a day since gold dust was the legal tender in popular use in California but the "Days of Gold" were recalled a few days ago at Jenny Lind in Calaveras County when two fishermen were brought into the court of Judge Hawk and charged by Fish and Game Deputy F. A. Carrillo with possession of a spear within 300 feet of a stream closed to fishing.

The men, E. G. Griffin and A. E. Smith, of Campo Seco were apparently making their living with a gold pan in some of the nearby creeks. When the judge said "\$25 fine" they produced their pokes and offered to pay in gold dust. It was not reported whether or not the judge had the proper scales to accept the payment, but he agreed to allow the two defendants until December 20th to pay the fine in regular money. As far as the records of the Fish and Game Division show, this is the first tender of gold dust made to pay a fine in many a year.

IRA KIRK GETS LIFE SENTENCE FOR CRIME

Ira Kirk has been sentenced to San Quentin for life. The sentence was rendered Saturday by Judge George H. Buck. Yesterday James G. McGrath had the confessed killer of Clara Boeke, 30-year-old San Francisco school teacher, removed from the county jail and placed in the state prison. The courtroom was crowded to capacity when the sentence was rendered.

Golden State News of Interest to All

It was learned recently that John T. Wright of Stockton has bought the holdings of the Calaveras Copper Company at San Andreas for \$250,000 under a bond mortgage sale.

Resurrection of early days in the Mother Lode era were visional when gold-bearing gravel was discovered at the Masoni mine, near Angels Camp. John McKeon, wealthy oil operator and owner of the Masoni property, plans a recovery plant to mine the new gold.

Walter Bachrodt, San Jose school superintendent, regards the figure of \$297,601, offered for the purchase of San Jose High School property by the State College, as too low. Bachrodt declares it would take \$800,000 to replace the buildings.

Orange County believes it offers various groups training for the 1932 Olympic Games to be held in Los Angeles the best place in California in which to become acclimated, so it is sending a representative to them in Europe to advocate their finishing training there.

The state of Michigan is interested in the California contractors' law. James F. Collins, director of the department of professional and vocational standards and registrar of contractors, has just received a request from the Greater Detroit Builders' Association for information on the California law.

Residents of Pismo Beach, twelve miles south of San Luis Obispo, have filed a petition with the county Board of Supervisors, asking that an election be held for the purpose of incorporating as a city of the sixth class. The argument on the petition will be heard by the supervisors at their meeting early in December.

The morale in the state convict labor camp near Kings River Canyon, northeast of Visalia, is excellent, according to Court Smith, warden of Folsom penitentiary, who paid an official visit to the work recently. The workmen are building a highway into the famous Kings River Canyon region of the High Sierras, a three-year job.

The Sacramento tourist and convention bureau estimates through the twenty-three conventions already slated for the capital city during 1930 approximately 52,000 visitors will be entertained. The largest conclaves are the California department of the American Legion, with 20,000 delegates, and the Ancient Order of Scots, with 8000.

There are 36,000 children of school age in California who have no permanent residence and who must be educated by migratory schools, according to Miss Frances Averell, director of Americanization of Fresno County schools. The majority of the children are Mexican, but most of them are able to speak the English language by the time they reach the age of 9.

The great sulphur deposit located fifteen miles northwest of Healdsburg is to be mined, with steam from the geysers as the source of power. It has been estimated that over a million tons of ore, running 80 per cent sulphur, is exposed on the surface and can be mined at a cost not to exceed \$3.50 a ton. Capitalists developing the project have organized as the Geysers Development Company and are expecting to begin operation soon.

A state organization of medical superintendents and directors of county tuberculosis sanitariums was organized at a recent meeting at Fresno, with a charter enrollment of eleven. Officers elected were: Dr. Everett Morris, superintendent of the Fresno County Tubercular Sanitarium, president; Dr. E. A. Schaper, Stonybrook Retreat, vice president, and Dr. T. C. O'Connor, Bret Hart Sanitarium at Murphy, secretary-treasurer.

Formation of an irrigation district covering 137,000 acres in Butte and Sutter counties is a step nearer completion following a meeting in Gridley. A committee of twenty-five was appointed to make preliminary arrangements for the organization. The district is now served by the Sutter-Butte Canal Company. If formed, the district will be known as the Feather Irrigation District.

Further improvement of the coast highway by two construction projects and construction of an underpass at Coyote Wells, San Diego County, were in prospect as the Department of Public Works announced low bidders on state road work. Griffith Company, Los Angeles, with a price of \$38,288.50 was lowest for grading and paving

Editor's Note: As an added service to readers this paper has arranged with Mr. Brant to answer any questions regarding musical points where a subscriber desires advice. No charge will be made for such service, but when writing the conductor of the column a self-addressed envelope must be enclosed, and the name of this paper mentioned. Communications should be mailed to LeRoy V. Brant, Director The Institute of Music, 27 South Sixth Street, San Jose, Calif.

"OH LITTLE TOWN OF BETHLEHEM"

Celebrating the birth of the son of Mary, carolers go about the country on the eve of the Natal day and wherever a candle is set in the window they stop and sing of the joy coming with the birth of the Messiah.

It is the practice that where there are those sick, aged, or infirm, persons who are unable to attend the holy festivities of the season this lighted candle is a becoming messenger telling the carolers that here is a place where their songs of joy will be received with welcome.

The practice of caroling at the recurring anniversary of the birth of Christ perhaps dates back to those distant years, some two thousand of them, when on the morning of the birth of the Son of God angels first gave voice to that great carol "Glory to God in the highest, on earth peace to men of good will."

At any rate, it is certain that this is a holy and joyous practice which should be perpetuated. It is not to be supplanted by community Christmas celebrations, excellent as those may be. In this practice there is a joy to the singer, too, a joy that can scarcely be measured. In fact, so great is the joy, that I have at times wondered whether this custom of singing carols is not, after all, a selfish one. But

2.3 miles between Conejo Creek and Camarillo, Ventura County, while Cornwall Construction Company, Santa Barbara, offered to widen 5.5 miles between Eagle and El Capitlan creeks, Santa Barbara County, for \$17,483.70. The Coyote Wells underpass work brought a low bid of \$14,659 from De Ward & Son, San Diego.

Half a hundred California building and loan association branches recently learned they were in wrong. Given permits before the 1929 legislative amendments covering their activities were made effective, parent associations are being billed \$50 each for annual license fees due under the law, and informed that \$25,000 additional guarantee capital stock must be issued for each branch formed. The ruling was made by Building and Loan Commissioner Charles A. Whitmore, conforming to an interpretation of new laws by Attorney General U. S. Webb.

New buildings and alterations in San Anselmo totaled \$12,450 during October, according to Building Inspector Charles H. Cartwright.

The Flournoy school district, near Red Bluff, claims to have the youngest grammar school principal in California in Miss Marguerite Oerke, 18, of Corning. Miss Oerke graduated from the Chico State Teachers' College.

H. H. Henning, contractor, has been awarded the contract for the construction of a second unit at the Stanislaus County Hospital. His bid was \$71,472, the lowest of ten bids submitted.

Application of a large Eastern tire company to erect a one-story brick building in Modesto to be used as a service station and automobile accessory shop had been filed with the city clerk. The building will cost \$7500.

Purchase of equipment for making street repairs was authorized by the El Cerrito city council. Repairs have been made under contract in the past. The El Cerrito council also asked for bids on a light coupe to be used by traffic officers.

An old army post on the San Joaquin River near Friant was suggested as a site for a proposed federal prison to be built on the Pacific Coast, in a letter by Samuel F. Hollins, United States commissioner, to Congressman H. E. Barbour.

On recommendation of its foreign trade committee, the Oakland Chamber of Commerce has endorsed the plan of the Sacramento Region Citizens' Council to hold a Pan-American trade convention in Sacramento during the State Fair week of next year.

This is the driest fall in the memory of the oldest residents of the (Continued on page four)

CHRISTMAN WINDOWS AP- PEAR ALONG HIGHWAY

MANY LOCAL STORES SHOW
GIFTS, NOVELTIES
AND TOYS

As the holiday season approaches many of the local merchants are decorating their windows for the holiday season.

A most striking display is that of the Menlo Hardware Store, where the exceptionally artistic decorations show toys for the "little folks," tools for father, electric appliances for mother, and a multitude of useful household necessities. This store will hold any article until called for on the payment of a small deposit. A feature of the service rendered is the wrapping of packages and preparing them for shipment.

The Harms Drug Company is displaying a line of toys and Christmas cards in addition to a modern and up-to-date Radio Set which will be given to some customer on Christmas eve. Their window is also artistically dressed.

A window that is attracting wide attention from the little folks as well as the grownups is that of the Little Green Door. Fred Nessler, the proprietor, has arranged a display of toys which delights the kiddies, and his line is particularly complete. He also has a full line of gents furnishings and the prices on all are right.

A window displaying candy and cookies in an artistic manner is that of the Menlo Grocery. J. M. McCarthy proprietor. The goods on display will make excellent gifts for the holiday season, or any other occasion. Mr. McCarthy is in a position to fit out the holiday table in a manner that will please the most exacting.

Phil Blanchard, in the Little Green Door Candy Store is displaying Santa Claus in his window and attracting the notice of the children. Blanchard will carry a full line of gift candies, Christmas candies and ice cream.

Other windows will be decorated for the holiday season within the next week or so and will set forth a display of holiday goods that will fill every need and the prices will be as low, if not lower, than can be found in the larger cities.

There will be no need of going out of town to do the holiday buying. Try any, or better all of the local stores, and make Christmas this year a real home buying, home building holiday season.

Above all don't forget to mail your Christmas packages at once. Last year Postmaster Larrecou and his able force delivered every package in the post office Christmas eve, an enviable record, and it is up to all to assist them to have a Christmas at home without having to worry about work. They do their best to serve the public and one good turn deserves another. Mail early to ensure delivery to your friends and loved ones, and to avoid the rush at the local office at the last minute and to be assured of getting your Christmas mail on time.

POLICE JUDGE USES DICTIONARY AS WITNESS

"Define the word distinct" were the words of Judge Jennings of the Atherton Police court. W. H. Kuster was arrested for speeding through the Atherton city limits. He pleaded guilty and was fined fifteen dollars. As soon as the Judge had passed the sentence Kuster asked why the city of Atherton did not paint their police cars a more distinct color. The Judge asked Kuster to define distinct, he could not. The magistrate then ordered the dictionary to be brought in and the word "distinct" found. The definition was read and Kuster was finally ready to believe that any car that had "Police Car" painted on the back of it and had two red lights and a siren was really a police car.

Among the other cases were C. E. Danielson, reckless driving, fifteen dollars; W. J. Thompson, speeding, ten dollars, and W. H. Kuster, speeding, fifteen dollars.

Tuesday the tenth is the day set for the meeting of the Atherton town council to decide on the bid submitted to the town clerk for the paving of Middlefield road within the city limits.

A body at a special meeting and will oppose the state's apparent plan to delay this project because of the "orphan spur" at San Mateo.

Selfish or not, it brings joy to the hearts of the unfortunate, and that is the most important thing.

SONS OF ST. GEORGE HOLD OPEN INSTALLATION

INTERESTING PROGRAM IS PRE-
SENTED FOLLOWING THE
CEREMONY

Lincoln Lodge, American Order Sons of St. George held an open installation of officers in its lodge room in the Masonic Temple, Palo Alto last Wednesday evening at which time the next officers for the coming term were installed by a team from San Mateo.

The impressive ceremony was witnessed by many members of the order and the fine work of the installing team was greatly appreciated.

The officers for the coming term as installed are: T. Burrows, president; A. Taylor, vice-president, P. Wilson, secretary; F. Chittenden, treasurer; J. Goese, messenger; D. Muir, assistant messenger; A. Budd, chaplain; W. Oversby, assistant secretary; S. Head, inside sentinel; J. Wilson, A. Corkran, Geo. Laddicoat, trustees.

Following the installation ceremonies the following program was rendered:

Vocal selection, A. Corkran, violin solo, Master G. Maddams; selection on flute and piano, Misses Burrows and Stentford; presentation of Past President's badge to W. H. Wheeler; vocal selection, A. Corkran; remarks by President T. Burrows; Trio, piano, saxophone and flute, Misses Burrows, Stentford and T. Burrows; remarks by retiring president of Patricia lodge D. of St. George; remarks by Mrs. J. Jones incoming president of Patricia Lodge; selection on Jews Harp, T. Burrows.

Donning followed the program. An exceptional number on the program was the flute solo played by Miss Stentford, daughter of Mr. and Mrs. Thomas Stentford of Menlo Park.

SOUND RECORDED AT HIGH SPEED FOR NEW FILM

Paramount's fifty miles per hour "sound wagon," a super-motor chassis on which is mounted a complete electrical sound recording laboratory, has been put to its greatest test and proved faultless in performance.

The huge motor van, with its costly and delicate equipment, was sent speeding through the streets of Hollywood, on the heels of forty racing motorcycles, and the scream of their sirens and the roar of their motors, together with the sound of their pistols fired as they rode, was successfully recorded.

It is the first time that a "moving sound shot," in which the recording equipment as well as the subject kept pace with one another, has been done. A fast camera car kept side by side with the racing sound wagon and photographed the spectacular action which is a thrilling part of "The Might," the all-talking Paramount picture at the Varsity Theater next Monday for four days.

MENLO SCHOOL SCENE OF SMALL FIRE LAST WEEK

Thursday afternoon when the cooks were preparing the Thanksgiving dinner a fire was discovered under the floor of the kitchen of the Menlo School and Junior College.

The cause of the fire was later discovered to have come from the ovens and natural gas lines becoming overheated and set the floor to smoldering. When the smoke was discovered the school fire department was called out and then when the flames broke out the Menlo Park department was called. The damage was very slight and was fully covered by insurance. The school has taken precautions so that this will not happen again by placing a cement floor in the kitchen.

WORK STARTS ON REDWOOD YACHT HARBOR

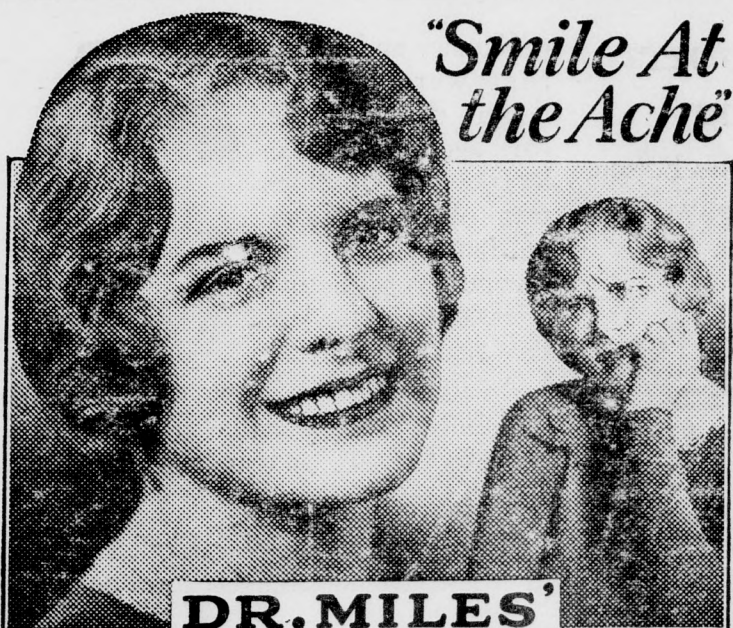

Actual construction of Redwood City's new municipal yacht harbor will begin in ten days, with awarding of the contract by City Manager E. O. Rolinson for driving piles for the pier. Bids were opened by the city council last night. The lowest was by James L. Hall of San Francisco, at 62 cents a lineal foot. The council voted to award the contract to Hall, and submitted it for Rolinson's approval.

Driving of piles will be the first development undertaken since the filling in of 30 acres at a cost of \$10,000.

Menlo Park Native Sons will hold a turkey whist party in the Masonic hall next Tuesday evening.

A card party for the benefit of the Corpus Christi Monastery will be given by local ladies on Monday evening, December 23 in the Native Sons Hall at Palo Alto. A large crowd is expected. If you can't go buy a ticket anyhow and assist a worthy cause.

T. B. Hunnell of the Safety Electric Works is making a specialty of holiday lighting, both interior and exterior and will willingly give estimates on any such work all that is necessary is to give him a ring on the telephone and he will answer any inquiry.

DR. MILES' Aspirin-Mint

Suffering? There's a new, pleasant, mint-flavored, tablet that relieves ordinary headache and neuralgia, muscular pains and functional pains. It's excellent for Coryza—cold in the head—and for the sore throat that often accompanies it.

Physicians have been writing prescriptions for a similar combination for years.

The Dr. Miles Medical Company has standardized this well balanced formula and is glad to offer it in the form of a stable, palatable, mint-flavored tablet for home use. Pocket Size 15c, Regular Package 25c

YOU'LL GET RELIEF—OR YOUR MONEY BACK

Golden Rule Sunday

To some of us Golden Rule Sunday means something of importance. To a large number of people it means a custom to be followed, a convention. On its basic principles is it not a good thing? Even for that class of people who regard Golden Rule as a convention is it not good for them to do without once in a while in order to give to those in need?

Good deeds can be accomplished at such little price in time, money or labor, a dthink how much such lit-

tle thoughts are appreciated by those who have no one or nothing. Put yourself in their place and then think. In some schools and homes Golden Rule is observed by the substituting of a plain dinner for the regular chicken one in order to save and give.

Next Sunday is Golden Rule Sunday. Why can't we, all of us, enter into the spirit and make Golden Rule Sunday worthwhile by "Doing unto others as we would have them do unto us?"

"MAIL EARLY" so says Postmaster Barney Larrecan, if you want your packages delivered on time. The better condition that your Christmas presents are received in the more they are appreciated. If you want to help

the postoffice employees, if you want better service, do your part and shop and mail early. Put the slogan "MAIL EARLY" into effect to save trouble and time.

SUPERVISORS HOLD INTERESTING SESSION MONDAY

The Board of Supervisors of the County of San Mateo met in regular session on Monday, December 2, 1929, at 10 o'clock a. m., there being present Dr. C. V. Thompson, chairman of the board, Thomas L. Hickey, Rosalie M. Brown, John W. Poole and Manuel Francis.

Attorney Gilbert D. Ferrell appeared before the board in connection with a petition filed a month ago asking the withdrawal of the Emerald Lake portion of the Woodside fire district. E. J. Machabee and A. B. Stryker were sworn as to the signatures in the petition, and there being no protests, the order granting the petition for withdrawal is granted upon motion of Supervisor Hickey.

A communication is received from Congressman Arthur M. Free, stating that he is in receipt of a certified copy of the resolution of the board of supervisors endorsing the Sunnyvale site for a naval dirigible base. Congressman Free states "that it is our understanding that the majority of the investigating committee have recommended this site and the matter is now before the general board of the navy. We feel very hopeful. We believe the Sunnyvale site is ideal for the purpose and the members of Congress from Northern California are doing all possible to secure this site."

Final report of the Board of Directors of Joint Highway District No. 1, composed of the counties of San Francisco, San Mateo, Santa Clara, and Santa Cruz, and organized for the purpose of constructing the Skyline boulevard from San Francisco to Saratoga Gap, a distance of 47.1 miles, is approved and filed.

A communication was read from Supervisor Andrew J. Gallagher, chairman, Joint Highway No. 9, formed for the purpose of constructing the Ocean Shore Boulevard, stating that it is proposed to hold a public meeting in Redwood City at which time the status of the project would be told. Chairman Gallagher stated that his position has not changed in regard to the pledge to Supervisor Francis of San Mateo County that the Pedro Mountain re-grade work would be done, and that this promise will be kept. It was explained that nothing could be done toward the highway project work until disposition of a suit filed in Ventura county over the question of issuing bonds for a similar project.

Supervisor Francis stated that a meeting of the directors is planned for sometime in January, when the attorneys will be present and the status of the highway district will be discussed. Fred H. Drake, president of the San Mateo County Chamber of Commerce, addressed the board in the matter of

he special meeting to be held in San Francisco on Tuesday, December 3, 1929, at 3 o'clock p. m., when the matter of completion of the Bayshore highway is to be discussed.

President Drake stated that the reports from Sacramento indicated that the winter work to be undertaken by the State Highway Commission did not include the Bayshore highway project, funds for which had at one time been set out.

The meeting was for the purpose of bringing the importance of this highway to the attention of the state, and to secure, if possible, approval of the State Highway Commission for the immediate completion of the boulevard.

SEQUOIA SCHOOL STARTS WATER POLO SEASON

Coach Jim Eva is concentrating his efforts to round out a suitable water polo team at Sequoia high and prepare his charges for the coming water polo league which is scheduled to open for the Cherokees about February 1st.

The four teams that are definitely in the newly made loop are, the University of California and Stanford, Fresno teams, Menlo School, and Sequoia. Although not certain Palo Alto may join the league.

Many promising swimming stars are candidates for the squad and with the two months practice season the team should show much improvement.

The first practice was held Monday and looked promising, although many have never seen the game played before. Some of the paddlers who played well at their last showing were Cas. Swett, junior N. C. S. 220 yard champion; George Rohrer, seasoned varsity swimmer.

Hilton Shearer, Dick Price, Jimmie Adams, Fred Kalenborn, Howard Hansen, Merlin Stokes Glenn Stoner, Chas. Anthony, and Carl Frahm are also men who have had advance training in water maneuvering. The remainder of the lineup includes Aabel, Bjoudquist, Knifeton, B. Whitmore, Jansen, Gibbs and Vanderkamp.

If functional Bladder Irritation disturbs your sleep, or causes Burning or Itching Sensation, Backache, Leg Pains, or muscular aches, making you feel tired, depressed, and discouraged, why not try the Cystex 48 Hour Test? Don't give up. Get Cystex today at any drug store. Put it to the test. See for yourself how quickly it works. Money back if it doesn't bring quick improvement, and satisfy you completely. Try Cystex today. Only 60c.

EXCHANGE CLUB HOLDS IMPORTANT MEETING

Members of the Menlo Park Exchange Club held an important meeting in the Gumwood Inn last Wednesday evening when their plaid plans for their annual Children's Christmas party.

It is not known as yet just what the entertainment will consist of but it is supposed that last year's party will be duplicated as it was so successful. The committee appointed comprise J. Brascoso, T. B. Hunnell and H. A. Chandler.

At the next meeting Attorney Stebbene of Redwood City will be the speaker.

Fremont Parent Teacher Association will meet at the school on next Tuesday afternoon at 2:30 and hold a Christmas party for the children. A Christmas tree, Christmas stockings and Christmas film will feature the occasion. A woman will be in attendance to take care of the little children and babies. A good attendance is requested.

A thoroughbred mare was received on Monday by Mr. Perry, a well known horse fancier in Menlo Park.

MEDICAL SOCIETY URGES CARE FOR CONTAGIOUS ILLS

San Mateo county has no adequate means of taking care of contagious diseases, the supervisors were told in a communication addressed to them by a committee from the San Mateo County Medical Society and consisting of Drs. W. C. Chidester of San Mateo, F. H. Smith of San Bruno, and F. S. Gregory of Redwood City. The letter read at the meeting of the board Monday morning after calling attention to the above need urged that steps be taken as soon as possible to provide the necessary facilities for caring for contagious diseases. It was pointed out in the communication that it is necessary to send cases of this nature to San Francisco hospitals. Supervisor Hickey addressed the board in the matter and said that something must be done first to increase the capacity of the Community Hospital at Beresford. The building at the present time is completely filled and another wing should be added just as soon as possible. The matter was taken under consideration by the board.

Sleepy eyes

...the cause IS poor lighting

HAVE you ever heard a child say, in the early evening, "I'm sleepy, Mother, I'll do this home-work tomorrow morning."

That may be a sign of eye-strain. Caused by poor lighting. Oculists know how true this is.

It means a child is slipping instead of forging ahead. The tragedy occurs when a child goes on neglecting studies because of the fact that poor lighting makes him sleepy early.

And why should any young person lose their chance in life when good lighting in the living-room costs but 1½c an hour!

Would you like to know about proper home lighting? The P G and E's lighting specialists will gladly advise you.

A booklet on correct home lighting

As a tribute to Thomas Alva Edison, inventor of the electric lamp, we have prepared a booklet

called "The Romantic Evolution of Light," which has 27 beautiful full-page pictures, 8 by 11 inches. The pictures show the ancient people, in their quaint dress, using the lamps of Babylonia,

Section of modern Duplexlighting unit that directs raw light to ceiling, diffuses it evenly over the entire room and correctly controls the light.

of Rome, and lamps that were handed down through the dark ages. The booklet traces the development of today's lighting and shows the revolutionary discoveries, during the last few years, of correct home lighting.

If you like we'll send a copy of this 32 page booklet to you, without cost or obligation.

Telephone to our local office. Or use the convenient request form below.

RESOLUTION OF INTENTION
No. 29-1

RESOLVED: That it is the intention of the City Council of the City of Menlo Park, State of California, to order the following work to be done and improvement to be made in said City, to-wit:

SECTION 1.
 THAT College Avenue and Cambridge Avenue from the northeasterly line of Arbor Road to a line drawn across said streets, which line is parallel with and at a distance of 50 feet at right angles southwesterly from the centerline of El Camino Real; Harvard Avenue from the northeasterly line of University Drive to a line drawn across said avenue, which line is parallel with and at a distance of fifty (50) feet southwesterly at right angles from the centerline of El Camino Real; Roble Avenue, Florence Lane and Alice Lane from the southwesterly line of University Drive to the southwesterly termination of said streets; University Drive from the southeasterly line of College Avenue to the northwesterly line of Stanford Avenue; including all street intersections within such boundaries, be improved as follows, to-wit:

(a) By grading all of said streets for the full length and full width thereof, and to the cross-sections as all are more particularly shown upon the plans, profiles, detailed drawings and specifications hereinafter referred to herein.

(b) By constructing combined hydraulic cement concrete curbs and gutters on both sides of said streets for the full length thereof and of the forms, sizes, dimensions and in the particular locations as all are more fully shown on the plans, profiles, detailed drawings and specifications hereinafter referred to herein.

(c) That the roadways of all of said streets for the full length thereof and for a width extending between the herein proposed concrete gutters be paved with an asphaltic concrete wearing surface three (3) inches in thickness, laid upon a waterbound rock macadam base pavement four (4) inches in thickness as all is more fully shown on the plans, profiles, detailed drawings and specifications hereinafter referred to herein.

(d) That four (4) inch diameter salt-glazed vitrified iron-stone pipe laterals or side sewers be constructed in each of the said streets extending from the existing main sewers in said streets to the property lines on each side of said streets, and to the number of one (1) such lateral or side sewer to each lot fronting on said main sewer except where such lateral or side sewers are already constructed; all to be of the forms, sizes, dimensions, depths and to the particular locations as all is more fully shown on the plans, profiles, detailed drawings and specifications hereinafter particularly referred to herein.

(e) Also that a hydraulic cement concrete pipe storm water sewer with red burnt brick storm water catch basins capped with cast iron frames and gratings be constructed in University Drive and College Avenue, extending from San Francisco Creek opposite the termination of University Drive; thence along University Drive to College Avenue; thence up College Avenue to and including the intersection of Yale Road and College Avenue, all to be of the forms, sizes, dimensions and in the particular locations as all are more fully shown on the plans, profiles, detailed drawings and specifications hereinafter particularly referred to herein.

SECTION 2.
 All the hereinbefore mentioned and described work and improvements shall be constructed at the places, in the positions, locations and of the sizes, dimensions and material, and in the manner as shown and described on the plans, profiles, detailed drawings and specifications therefor heretofore adopted by the City Council of the City of Menlo Park on the 26th day of November, 1929, by Resolution Adopting Plans and Specifications No. 29-1, and now on file in the office of the Clerk of said City, to which plans, profiles, detailed drawings and specifications reference is hereby made for the full and detailed description and location of said work and improvements, and for further particulars, and the same are made a part hereof. There is hereby excepted from the above mentioned work and improve-

ROAD HOGS BEWARE OF TRAFFIC DETAIL.

A bulletin to the district office of The Division of Motor Vehicles traffic bureau stated that during the next ten days there will be a drive on "road hogs". During this time there will be no tickets issued for this offense, it will only be a period of warning. After the ten days are up, however, arrests will be made and heavy fines imposed on those that are stopped.

COUNTY MEN NABBED BY GAME WARDENS

Marcel Hauret, Redwood City; Jean Bourdet and Maurice Dioge, Menlo Park, were arrested yesterday in Santa Cruz on charges of shooting non-game birds. Bourdet was held on charges of shooting a gray squirrel. The men had just returned from a quail hunting expedition in the Santa Cruz mountains.

ments any thereof that is or are already done to the line and grade as shown on the plans, profiles, detailed drawings and specifications herein mentioned. The hereinabove named streets, roads and avenues are all as shown and delineated upon that certain map of the City of Menlo Park, San Mateo County, California, approved and adopted July 23, 1929, by the City Council of the City of Menlo Park, which said map so approved and adopted is on file in the office of the City Clerk of the said City of Menlo Park.

The width of the streets, avenues and roads herein mentioned and described and the width of the roadways of said streets, avenues and roads, are to be and are as shown on the plans, profiles, detailed drawings and specifications hereinafter particularly referred to herein.

SECTION 3.
 All of the said work shall be done to the lines and to the grades shown on the plans, profiles, detailed drawings and specifications above mentioned, which grades are hereby adopted as the official grades to which the herein proposed work and improvements shall be done. Said grades are referred to the official base and datum for said City established by said City Council on November, 26, 1929, being elevations in feet and decimals thereof above same.

SECTION 4.
 And whereas, said contemplated work and improvements, in the opinion of said City Council, is and are of more than local or ordinary public benefit, said City Council hereby makes the expense of said work and improvements chargeable upon a district, which district said City Council hereby declares to be the district benefitted by said work and improvements and to be assessed to pay the cost and expenses thereof, which said district is delineated and shown upon a map entitled "Map Showing Assessment District Under Resolution of Intention No. 29-1", approved and adopted by the City Council November 26, 1929, and which map is on file in the office of the City Engineer of said City, and also in the office of the City Clerk of said City, and to which said map reference is hereby made for an accurate and complete location of said assessment district.

SECTION 5.
 Said City Council hereby further declares that all streets, avenues, lanes, alleys, courts and places and public ways contained within the above described district, the same being in use in the performance of a public function as such shall be omitted from the assessment hereafter to be made to cover the cost and expenses of said work and improvements.

SECTION 6.
 Notice is hereby given that serial bonds to represent unpaid assessments, and bearing interest at the rate of seven (7) percent per annum, will be issued hereunder in the manner provided by the Improvement Bond Act of 1915, as amended, the last installment of which bonds shall mature nine years from the second day of July next succeeding ten months from their date.

SECTION 7.
 Except as hereinabove otherwise provided for the issuance of serial bonds, all of the above proposed work shall be done in pursuance of the Improvement Act of 1911, as amended.

SECTION 8.
 Notice is hereby given that on the 17th day of December, 1929, at 8 o'clock P. M. at the regular meeting place of said City Council, to-wit, the City Hall in said City, any and all persons having any objections to the proposed work or improvements, or to the grades at which said work is to be done or to the district to be assessed for the costs and expenses thereof, may appear before said City Council and show cause why said proposed improvements should not be carried out in accordance with this resolution.

SECTION 9.
 The Clerk of said City shall cause this Resolution of Intention to be published twice in the "Menlo Park Recorder", a newspaper published and circulated in said City of Menlo Park. The Superintendent of Streets of said City shall cause to be conspicuously posted notices of the passage of said Resolution of Intention, in the manner and form and at the places required by law.

Adopted and passed by the City Council of the City of Menlo Park this 26th day of November, 1929.

I, Fannie I. Kurtz, the undersigned City Clerk of the City of Menlo Park, and ex-officio Clerk of the Council of said City, hereby certify that the foregoing Resolution of Intention No. 29-1 was regularly passed and adopted at a regular meeting of said Council on the 26th day of November, 1929, by the following vote:

AYES: Councilmen: Blake, Dale, Ellis, Walker, Weeden.
 NOES: Councilmen: None.
 ABSENT: Councilmen: None.

IN WITNESS WHEREOF I have hereunto set my hand and affixed the common seal of said City this 26th day of November, 1929.

FANNIE I. KURTZ,
Clerk.

Stomach Test Free

If poor digestion makes you suf-
fer from gas, bloating, heartburn,
acidity, or sick stomach, try the
Diotex 15 Minute Test. Absolutely
harmless. Works fast. Five posi-
tive digestive aids, in pleasant ta-
blett form. No soda, dopes or laxative.
Get Diotex from your druggist
today for only 80c. Absolutely free
under the money-back guarantee, if
it doesn't give stomach comfort in
15 minutes, and soon help restore
good digestion.

CALIFORNIA NEWS BRIEFS
(Continued from page one)

Lake Tahoe district. The lake is now
a foot and a half below the low level
of last year. Not a flake of snow or a
drop of rain fell during the month of
October, an almost unheard of pheno-
menon.

Texas Bar, a roaring gold town of
'49 when it boasted several hundred
inhabitants, will be submerged under
the waters of the Calaveras flood
control dam, but the dead in the cem-
etery will be removed. The city coun-
cil of Stockton has agreed to pay Cor-
oner Gardella of Calaveras County
\$880 to remove the twenty-five bodies.
The coroner will communicate with
relatives of the persons buried at
Texas Bar.

Sonoma county expects to launch a
campaign during the winter and
spring for better fire protection
throughout the county. The cutting of
wider fire trails is being urged, and
it is pointed out that not only can
property be protected against the
flames in the dry hot season, but the
work will give employment to many
men during the winter. The Bohem-
ian Club of San Francisco will be one
of the first to have more fire trails
cut about the area adjoining its red-
wood grove on the Russian River.

Destruction of the weir in the Ka-
weah River east of Visalia belonging
to the Wutchunna Water Company was
viewed by some persons at Visalia
as another incident in the bitter
water fight between Kaweah delta
water users and the Lindsay-Strath-
more Irrigation district. The Wutch-
unna Company was fighting to keep
the Lindsay district from taking wa-
ter from the Kaweah delta. Warrants
of arrest for E. Fenwick and Tim-
othy Steinbaugh, ranchers near the
weir, have been asked.

Contracts approximating \$125,000
for early completion of the library
and science building of the new San
Diego State Teachers' College have
been awarded by the stat division of
agriculture. General work will be
done by Pettiser-Hunt Company, East
San Diego, for \$182,930. Heating,
plumbing and ventilating will be in-
stalled by the Pemberton Heating and
Ventilating Company of Los Angeles
for \$33,500, while the American Elec-
tric Construction Company of Los An-
geles will make electrical installa-
tions for \$13,608.

Closing of a contract for the deliv-
ery of more than \$400,000 worth of
seaplanes and amphibians to a Long
Beach, California, corporation, has
been announced by American Aero-
nautical Corporation, subsidiary of
Allied Motor Industries Inc. The Long
Beach company is declared to have
distributing rights in the states of
California, Washington and Oregon.
These rights will be subject only to a
dealership contract now existent with
the Northwest Air Service of Seattle,
Washington.

Two big brown bears will not hiber-
nate this winter near Angels Camp.
Frank Lyons and Steve Shelton, hunt-
ing bears near Angels Camp, killed
one of the largest brown bears. The
animal weighed 263 pounds. Lyons,
stepping from his auto and walking
only a few feet, encountered the bear.
One shot did the work. John Barnes-
coni, state trooper, while inspecting
his traps saw bear tracks near Angels
Camp. Summoning his bear dog,
"Stumpy Doogan," the bear was traced
and Barnesconi with a small re-
volver killed the other with the first
shot through the head. It weighed
165 pounds.

A complaint was on file in the Su-
perior Court at San Rafael by Charles
Wright, William Deysher, Thomas
Kent and F. W. Wolfe against the
town of Corte Madera, asking that an
injunction be placed against the town
council to stop it from excluding prop-
erty belonging to the plaintiffs from
the incorporated limits. Judge Ed-
ward I. Butler granted a temporary
injunction. The plaintiffs declared
they were assessed under an ordi-
nance of 1911 for street improvements
and were still paying assessments and
hence could not be excluded from the
town limits.
